

Owasco Lake Watershed Management Plan

The Cayuga County Department of Planning and Economic is leading an effort to update and expand the Owasco Lake Watershed Management Plan, with funding support from the NYS Department of State. Local partners include the Owasco Lake Watershed Management Council, the Owasco Watershed Lake Association, Cayuga County Soil and Water Conservation District, the Cayuga County Farm Bureau, Cayuga County Water Quality Management Agency and others interested in water resources.

The next step in the development of the updated and expanded Owasco Lake Watershed Management Plan is a public participation/outreach meeting to solicit public input. We are holding this meeting as one of the activities of "March to Lake Day."
