NOTICE TO PROPERTY OWNERS

Re: Water Filtration Plant and Lower Pump Station Improvements Project

Dear Property Owner:

Beginning Monday, March 28, 2016 through July 11, 2016 the section of roadway on Osborne St./Pulsifer Drive between Silver Ave. and Crescent Ave. will be closed. Only local traffic will be allowed on Swift St. between Throop Ave. and the Osborne St./Pulsifer Dr. intersection.

These road closures are necessary because of the various construction activities to be conducted for this project including a by-pass pumping pipe to be installed on the surface across the roadway between the Water Filtration Plant and the Lower Pump Station.

If you have any questions please contact this office.

Sincerely,

William H. Lupien, Jr., P.E.
Superintendent of Engineering Services
