

**TABLE 1**  
**SUMMARY OF HISTORICAL AERIAL PHOTOGRAPHS REVIEW<sup>1</sup>**  
 1 State Street  
 Auburn, New York

<b>Year</b>	<b>Scale</b>	<b>Site</b>	<b>Surroundings</b>
1957	1" = 750'	Site is developed.	City of Auburn is well developed by 1957. Downtown area is well defined. Major thoroughfares including Genesee Street, State Street, and North/South Street are well established. Site-specific details are not observable due to the scale and poor resolution of the photograph.
1959	1" = 1000'	Site is developed.	Similar to 1957 photograph.
1985	1" = 1000'	Site is developed.	Similar to 1959, however the Arterial East and Arterial West have been constructed north of the Site. Details are obscured due to the scale and poor resolution/quality of the photograph.
1988	1" = 750'	Site is developed.	Similar to 1985 photograph. Loop road has been constructed.
1995	1" = 750'	Site is developed.	Similar to 1988 photograph.
2006	1" = 505'	Site is developed.	Similar to 1995 photograph.
