City Clerk

WHEREAS America is a symbol of freedom and has achieved its stature in the world because of the selfless service of our brave veterans; and,

WHEREAS from those who initially fought in the Revolutionary War to those that serve today, the fearless members of our country's armed forces have given up the comforts of home, the company of loved ones and, for some, have paid the ultimate sacrifice so that we could live free in our land of liberty; and,

WHEREAS from the 1950's through the 1970's millions of Americans served in support of the U.S military operations in Vietnam with more than 58,000 giving their lives and more than 300,000 wounded during their service; and

WHEREAS our Vietnam veterans fought for our freedoms, kept America safe and dedicated their lives to this nation; and,

WHEREAS we are forever thankful for their unwavering strength and courage while fighting in the Vietnam War; and,

WHEREAS on March 29th of this year we joined together to express our gratitude, remember their service and said “welcome home” to these brave men and women, we honored the immeasurable sacrifices and contributions our Vietnam War veterans have made to protect the life, liberty and happiness of every American; and,

WHEREAS the people of the United States shall always remember the heroism and courage of those who have served and those who continue to serve, thanks to the enduring valor our Vietnam veterans have demonstrated since their day of return.

NOW THEREFORE, I, Michael D. Quill, Mayor of the City of Auburn, on behalf of members of the City Council and the people of Auburn, do hereby proclaim March 29, 2021 as

“Welcome Home Vietnam Veterans Day,”

in the City of Auburn, New York and ask all to join me in taking this day to give our thanks and appreciation to our Vietnam veterans.

In witness whereof I have hereunto
set my hand and caused the seal of the
City of Auburn to be affixed this
Twenty-Fifth day of March 2021.

Michael D. Quill, Mayor
City of Auburn, New York

Mayor Quill

Thank you. Council with us this evening we have Mr. Nick Valenti, a fellow marine Vietnam veteran. So, Mr. Valenti, welcome home and if you would please say a few words?

Nick Valenti

I'd love to Mayor on this forthcoming anniversary of a national Vietnam Veterans Day I'm very proud to be here to accept this proclamation from the Mayor and the City Council. This act of recognition means a lot to any man or woman who has served, none of us really knows what silent scars still impact our warriors and their families. What is nice about this proclamation is that it gives us a chance to humbly say thank you to a Vietnam veteran before this generation has lost. Recognition such as what has been presented today helps us live up to our mantra, never again will one generation of veterans abandon

another. Again, our thanks to the Mayor and the Councilors for this proclamation. And until we can have a sit down meeting I hope everyone stays healthy and safe.

Mayor Quill

Thank you, Mr. Valenti. Thank you for being with us. Thanks for your service and I like the cover.

Nick Valenti

Oh, it makes me look taller. That's all Mayor.

Public to be heard: Mayor Quill asked the Clerk read the public to be heard rules. The following individual spoke:

Tim Lattimore, 63 South Street. Ok, thank you for the privilege of the floor Mayor, Council. It's nice to be with you a nice Proclamation. I was just wondering whether or not the website I know that you have landfill issues on tonight but we used to have all the tonnage and everything on the site and whether it's still up or whether it's working. But is there any way I can get the last 10 years of tonnage and whether or not how much was construction debris? And how much was actual municipal waste? Is there a study that shows where it's, it's in our best interest to close the landfill? And one other thing I know that our County National Association puts out a newspaper and in there one of the big things was the micro grids are now being being looked at to be purchased by municipalities in order to attract and keep new new business and maintain the existing book of business. So, if I think somehow get that, if there was a study done well, I'd appreciate it. Thank you very much for the privilege of the floor.

Mayor Quill

Mr. Lattimore before you leave, can you still hear me? Okay, you drifted in and out with a connection and we'll take the hit for that. I would request that you fill out a FOIL request, more specifically what you're looking with or looking for. And you know, we'll do our very best to comply with it, or if it's not available, or whatever. But if you would do it formally that would help us considerably.
