

What can **I** do?

Unfortunately, it's not a game.

Clogged pipes can cause sewage overflows and costly damage to your property. But you can help prevent them.

Place these items in the TRASH and NOT the toilet:

- Disinfectant Wipes
- Baby Wipes
- Paper Towels
- Towelettes
- Tissues
- Feminine Hygiene Products
- Plastic or Latex items
- Dental floss, hair, and other stringy material
- Grease, oil, and fats

If you are experiencing problems with your sewer pipes or want to learn more refer to the following:

- Contact the Municipal Utilities Dept. at (315) 253-6511
- Contact the City Sewer Dept. or an approved master plumber to resolve the problem
 - Master Plumber List: www.auburnny.gov
 - Visit www.responsibleflushingalliance.com to learn more on how to protect your pipes and what is acceptable to flush
