RE: Council Resolution #101 of 2021 Authorizing Change Order #1 for the UV Replacement and WWTP Improvement Project

Background:

On March 15, 2018, the Auburn City Council authorized Bond Resolution #2 of 2018 to fund the replacement of the UV Disinfection System at the Auburn WWTP and on May 16, 2019 the Auburn City Council passed Bond Ordinance #4 of 2019 establishing additional funds to support the replacement of settled sewage pumps and various components of the WWTP as part of the UV Disinfection System replacement project. On July 18, 2019, Council authorized Award Resolution #83 of 2019 in the amount of \$1,895,000.00 for the construction contract for the UV Replacement and WWTP Improvement project to M.A. Bongiovanni, Inc.

Change Order #1 in the amount of \$50,000 is now requested in order to perform emergency repairs to the grit removal systems as a result of recent flooding and high flows.

Fiscal Implications:

The cost of this Resolution is \$50,000, which is to be transferred from the Sewer fund to the WWTP Disinfection Project account and the Change Order is to be charged to WWTP Disinfection Project Account #HG8130-440-JI.
