#### **4. Agency Updates**

DSS Updates: Mary shared some regulation changes which will allow more people to be eligible for on-going assistance. Families and single individuals now have the same eligibility due to the earned income changes.

HEAP is open. DSS is currently housing 18 families: 11 in hotels, 7 at Rescue Mission. 77 single individuals: 55 in hotels, 22 in shelter, coming from everywhere, out of state, out of county. There has been some movement into PSH. People are cycling in and out and it is not the same individuals. Last night was the first code blue night which brings numbers up. There was a question asked about which hotels are working with DSS: Days Inn, Auburn Inn, Grant Motel, some other Rodeway in Weedsport among others.

The state has changed the guidelines for childcare and there will be changes for Medicaid income brackets. Medicaid is doing automatic rollovers because of covid, but the re-certification is still required.

CCHN: Nicole shared the numbers are similar from what she has heard from the other agencies. To date, she has been able to assist 75 individuals and 12 families. Thirty-five are on the street, as substance use is playing a big role. Facebook has been a way to pinpoint locations of people. Seymour Library has been a meeting place. Mental Health has been a big barrier because they haven't been interested in treatment. Nicole will have some new locations for the PIT count. She will have about 10 more locations to add to the current. With the increases of substance use- Molly/ecstasy is the hot drug on the street right now because it doesn't show up on drug tests. TIPS training is being offered throughout the county.

The CDBG community participation project is starting. They are working toward gaining input and feedback on what they should fund, such as human services, housing projects, infrastructure projects (parks and sidewalks). The public meetings will be December 7<sup>th</sup> @ 10 am at City Hall and 5:30 pm at Booker T. Washington Center. The feedback will go into the action plan. Youth development wasn't included in last year, but it was slated as a need after the public meeting.
