On March 13, 2020, Governor Cuomo issued Executive Order No. 202.1. This Order suspends the Open Meetings Law, in order to allow local governing bodies to close meetings to the public. This order also allows local officials to meet remotely by conference call or similar service. If the meeting is closed to the public or conducted by a conference call or similar service, then the public must be able to either (a) view the meeting; or (b) listen to the meeting. The meetings must be recorded and later transcribed.

The part of the Executive order pertaining to the Open Meetings Law expressly states:

"Suspension of law allowing the attendance of meetings telephonically or other similar service:

Article 7 of the Public Officers Law, to the extent necessary to permit any public body to meet and take such actions authorized by the law without permitting in public in-person access to meetings and authorizing such meetings to be held remotely by conference call or similar service, provided that the public has the ability to view or listen to such proceeding and that such meetings are recorded and later transcribed;"
