

June 11, 2020

The microsurfacing crew is scheduling work to be performed in the City of Auburn. Planned Microsurface streets by Suit-Kote Corporation:

Friday 6/12/2020:

Street	From	To	Procedure
North Seward	Franklin St	Capitol St	Scratch & Overlay
Lansing St	N. Lewis	Nelson St	Scratch & Overlay

Suit-Kote will notify all residents with door hanger notifications stating that the road will need to be closed, and they require residents to stay parked in their driveways or on adjacent streets until the material has reached its approximately 2 hour cure time, after which the streets will be open for traffic.

Microsurfacing is a 2-step process which will require a second coat (overlay treatment) following the initial scratch coating which could be installed either the same day or the following day, weather permitting. **Any planned work delays due to rain or other unforeseen circumstances will be rescheduled and the affected residents will be notified again.**

Thank you for your patience while we do these road improvements.

Thank you,

Kenneth Tanner,

Engineering

24 South Street
