Each summer, The City of Auburn provides over twenty free concerts and free movies to hundreds of City residents and out of town visitors in our local parks. These fun nights are a community staple that provide a family friendly environment, including performances by local or regional bands, age-appropriate movie showings during Monday Movie Mania nights, and frequently food vendors and other activities and attractions are present.

Community partnership makes good business sense. Becoming a partner will enhance your organization's potential through advertising, public relations, print, live event opportunities, City website and social media, and more.

Becoming a Partner of City of Auburn Summer Concert and Movie Nights...

...Allows you to brand your organization as a genuine partner of the community and as one of the leaders of our community.

...Allows your business to develop stronger relationships with new and existing customers.

...Allows your business or organization to be featured in event publicity including press releases, posters or flyers, City web based media, and signage at the concert and/or movie, gaining you access and visibility to potential customers.

...Strengthens the City's ability to continue to offer these concerts and movie events free of charge to the community.

...Encourages the City to procure more wide-spread musical talent to the region resulting in larger exposure for your organization.

...Allows your organization to promote yourself while helping your community at the same time.
