

Rating Action: Moody's assigns A2 rating to Auburn, NY's GOs and MIG 1 to BANs

04 Aug 2020

New York, August 04, 2020 -- Moody's Investors Service has assigned a A2 rating to the City of Auburn, NY's \$1.4 million Public Improvement (Serial) Bonds, 2020 and \$40.7 million Bond Anticipation Notes, 2020. Moody's currently maintains the A2 issuer and outstanding general obligation limited tax (ratings). The issuer rating is equivalent to the city's hypothetical general obligation unlimited tax rating (GOULT); there is no debt associated with the GOULT security.

RATINGS RATIONALE

The A2 issuer rating reflects the City of Auburn's moderately-sized tax base, below average resident wealth and incomes and elevated long term liabilities resulting in high fixed costs. City management has maintained strong reserves and liquidity over successive years through modest operating surpluses.

The absence of distinction between the GOLT rating and the issuer rating reflects the city board's ability to override the property tax cap and the city's pledge of its faith and credit to pay debt service.

The MIG 1 short-term rating is based on the city's A2 underlying credit quality, satisfactory liquidity, and demonstrated history of market access.

We regard the coronavirus outbreak as a social risk under our ESG framework, given the substantial implications for public health and safety. The coronavirus crisis is not a key driver for this rating action but could affect the city in fiscal 2021. The city depends on state aid and sales tax revenues for approximately 45.7% of its total revenue. The State of New York is currently experiencing significant declines and delays in sales tax and income tax revenue which, in the absence of federal assistance, will likely result in a decline in state aid to the city in fiscal 2021. Additionally, county sales tax receipts are down over the previous year, possibly leading to revenue shortfalls for the city. The city has implemented a combination of conservative sales tax budgeting and expense cuts to offset reduced revenues. The situation surrounding coronavirus is rapidly evolving and the longer term impact will depend on both the severity and duration of the crisis. If our view of the credit quality of the city changes, we will update the rating and/or outlook at that time.

RATING OUTLOOK

Moody's does not typically assign outlooks to local government issuers with this amount of debt outstanding.

FACTORS THAT COULD LEAD TO AN UPGRADE OF THE RATINGS

- Growth in tax base and expansion of local economy and
- Improvement in resident wealth and incomes
- Material decrease in long term liabilities and fixed costs

FACTORS THAT COULD LEAD TO A DOWNGRADE OF THE RATINGS

- Contraction of the tax base
- Deterioration of reserves and liquidity
- Increased long term liabilities and/or deferment of pension payments
- Downgrade of the City of Auburn's GO rating (BAN)

LEGAL SECURITY

The 2020 bonds, notes and the currently rated debt are secured by the city's general obligation pledge as

limited by New York State's Property Tax Cap-Legislation (Chapter 97 (Part A) of the Laws of the State of New York, 2011).

USE OF PROCEEDS

The bonds are being issued to permanent finance outstanding notes and the notes are being issued to rollover existing, maturing notes and to provide \$13 million in new monies for ongoing capital projects.

PROFILE

The City of Auburn encompasses approximately 8.5 square miles in the Central New York region and is located wholly within Cayuga County (A1). The city is approximately 25 miles west of City of Syracuse (A1 stable) and 55 miles east of the City of Rochester (A2 negative).
